Plein Air Painting Workshop with Bill Farnsworth Bay Preserve of the Conservation Foundation, Osprey, FL

Wednesday - Friday, March 15 – 17, 2017
\$400 Members + Non-members

“The light is what makes something very special or just forgettable.”

- Bill Farnsworth

Ringling College Alum and nationally renowned illustrator turned fine art painter, Bill Farnsworth, will be teaching a 3-day plein air painting workshop on the serene and beautiful grounds of Bay Preserve of the Conservation Foundation. Bill’s work is included in public and private collections and he is represented by several galleries throughout the United States. His paintings have won numerous awards and he travels throughout the country and abroad sharing his knowledge and passion for painting and particularly the heart of plein air painting – capturing the light.

This 3-day plein air painting workshop will give participants an opportunity to see Bill create a demo plein air painting each day while learning techniques and skills to improve choices and edits to create plein air paintings full of light. Students will gain a greater understanding of the principles of painting through this workshop.

To register, please call 941.474.5548 or visit the front desk of the Englewood Art Center.
