

NATIONAL THIRD-PARTY SCHOLARSHIPS

Third-party scholarships offer a beneficial source of funding to help you cover your educational expenses. Many local, regional and national organizations provide scholarship and grant dollars to students pursuing their undergraduate degree.

We aim to simplify the scholarship search for you by linking directly to the official scholarship website for more information. To learn about the scholarship programs and application requirements, simply click on the scholarships links to be taken to the sponsor's web site. If you have questions regarding eligibility requirements, *please contact the scholarship sponsor directly.*

Enrollment Verification

Some donors may require Ringling College's Registrar's Office to verify your enrollment and/or grade records. If you are awarded a scholarship, please be sure to forward any special instructions to the financial aid office so we may comply with the donor's requirements.

Third-Party Scholarships & Eligibility

If you receive other financial aid awards (e.g. federal, state, or institutional grants, loans and work study), we are required to make an adjustment if the third-party scholarship affects your eligibility. In such cases, we will first use the scholarships you receive to reduce your student loan and/or work study awards that are part of your aid package. If a change is made, you will receive a revised Financial Aid Award Letter reflecting your new eligibility.
